

WINSLOW SUPER-LIGHT RESCUERAFT

SAVE LIVES AND WEIGHT

Fully equipped, yet compact and light

When your anticipated survival needs are short term, in protected waters or near the shore, our Winslow Super-Light RescueRaft is the right choice. This single buoyancy tube platform provides hypothermia protection and enhanced

visibility while keeping everyone together as a group. Starting at only 16 pounds, the Super-Light RescueRaft is perfect for the small, single-engine aircraft, where space and weight are at a premium.

STANDARD EQUIPMENT

- CO2/N2 inflation system with oversized buoyancy tube
- Three-rung boarding ladder
- Bowed boarding assist handle
- Water-activated survivor locator light
- Auto-deploying conical drogue (sea anchor) with 25-foot line and anti-foul swivels
- 35-foot painter line with quick-release fittings
