

How to navigate on the Collins Aerospace Customer Training website
After your registration is accepted, you will be able to search the course calendar, register for instructor-led or online courses, and view training manuals. Please review the steps below to assist with navigation.

Step 1: Login to the Customer Training Learning Management System (LMS)

- Click here to access the website: <https://utc-external.plateau.com/plateau/user/nativelgin.do>
 - The screen below will appear.
- Enter your User ID and Password
 - If you forgot your User ID or Password, please eMail us at gphsctc@collins.com

Collins Aerospace

Welcome to the Collins Aerospace Customer Training Portal

To sign in, enter your User ID and Password in the space provided to the right and click the "Sign In" button. If you have forgotten your User ID or Password, please email gphsctc@collins.com for assistance.

New Users

If you do not have a User ID and would like to register, please click the "New User?" link that is below the "Sign In" box. Only registrations from approved companies and company email addresses will be accepted. Any user requests with personal email accounts will not be approved.

Hours and Contact Information

Office hours for Collins Aerospace Customer Training are Monday - Friday 8:00 AM - 5:00 PM EST. Any questions will be answered within 24 hours during these hours of operation. Questions submitted on a weekend will be answered the next business day.

NOTE: If you have forgotten your User ID or Password, or have any questions about our training - please contact us at gphsctc@collins.com

My Curricula

Congratulations! All required curricula are complete. Go to Curriculum Status

Enter search criteria then click "Search"

Step 3: Search Catalog

- All learning items using your search criteria will be shown; this includes instructor-led courses, online learning and training manuals.

The screenshot shows the UTC Aerospace Systems search interface. The search field contains '787'. The results are sorted by relevance and show 71 courses. The 'Narrow Courses' section has 'Category' set to 'Instructor-Led Training Manuals (TM) & Online Courses' and 'Subject Area' set to 'Electrical Power Systems'. The search results list three courses:

- 787 Auxiliary Starter Generator (ASG) Repair/Overhaul** (COURSE EPS513T)
Instructor-led Course
EPS513T Boeing 787-8/-9 Auxiliary Starter Generator (ASG) PIN 7000021
When this course is complete 1 more
Pricing Available Upon Request
No Course Dates Scheduled
- 787 Low Volume Fans Overhaul and Repair** (COURSE EC5511T)
Instructor-led Course
787 Low Volume Fans Overhaul and Repair - 3 day
Pricing Available Upon Request
No Course Dates Scheduled
- 787 Variable Frequency Starter Generator (VFSG) Repair/Overhaul** (COURSE EPS510T)
Instructor-led Course
EPS510T Boeing 787-8/-9 Variable Frequency Starter Generator (VFSG)
PIN 7001330 When this course is more
Pricing Available Upon Request
No Course Dates Scheduled

Step 4: Narrow Search

- You can narrow your search by using the “Category” choices (Instructor-led, or Training Manuals (TM) & Online Courses) or “Subject Area”.
- In this example “Training Manuals (TM) & Online Courses” are chosen in the Category section.
- To search for only “Training Manuals” type “TM” in the Search field above. All training manuals will be shown and are designated with (TM) in the beginning of the title.
 - NOTE: There is no charge for training manuals at this time.

The screenshot shows the UTC Aerospace Systems search interface with the search field containing 'TM'. The results are sorted by relevance and show 4 courses. The 'Narrow Courses' section has 'Category' set to 'Instructor-Led Training Manuals (TM) & Online Courses'. The search results list four training manuals:

- (TM) Airbus A350 XWB Electrical Power Generation System Training Manual** (DOCUMENT TMPSA350XWB)
Online Course
A350 XWB EPGS Description & Operation: - Module 1 System Components & Overview - Module 2 Electric P more
Pricing Available Upon Request
Already Assigned
- (TM) Airbus A350 XWB RAT Training Manual** (DOCUMENT TMPSA350RAT)
Online Course
A350 XWB RAT System Description & Operation: - Module 1 RAT Overview - Module 2 System Overview - Mo more
Pricing Available Upon Request
- (TM) Boeing 787-8/-9 Cabin Air Conditioning & Temperature Control System Training Manual** (DOCUMENT TMT8789CTS)
Online Course
Boeing 787-8/-9 Cabin Air Conditioning & Temperature Control System - CACTCS - System description more
Pricing Available Upon Request
Already Assigned

Step 5: Course Designations & Assignments/Requests

- **Instructor-led courses, training manuals and online learning are all listed as “Courses”**
 - All courses can be self-assigned or assigned by the UTC Aerospace Systems’ Customer Training administrator by direction from your company’s management.
 - Self-assigned courses and training manuals will require approval by the UTC Aerospace Systems’ Customer Training administrator.
 - Only courses and training manuals applicable to your company’s fleet will be approved.
 - Most instructor-led courses will have a corresponding training manual that will be assigned by the UTC Aerospace Systems’ Customer Training administrator at the same time as the course.
 - If your required course is not yet scheduled, please contact gphsctc@collins.com to be added to our course request list.
 - Once there is enough interest in the subject course, you will be notified with the date and location of the training and if charges will apply.

Course “Already Assigned”

Course requires assignment. Click “Assign to Me” then submit for approval.

Step 6: Completion Status

- Instructor-led and online learning courses will show a completion, and will be moved to your **Learning History** (available on the Home screen).
- Training manuals will not show a completion, and will remain on your **Learning Plan** for easy access anytime.

Do not hesitate to contact the Collins Aerospace Customer Training Center with any questions or concerns at gphsctc@collins.com.

Our hours of operation are 8:30am to 5:30pm (EST) weekdays. We are closed on weekends, but will respond to your inquiry on the next business day.
